ZHEJIANG JULONG FLUID INDUSTRIAL

Valves&Connector Systems

Brief Introduction

Our company, which locates on the beautiful coast of the East China Sea, is specializing in the production of heating radiator valves and fittings. Founded in 1974, our company covers 25,000 square meters with a floor area of 20,000 square meters.

Our factory has been engaging in the industry for more than 30 years, we have up to 2,000 products categorized into 80 series including various Mechanical & Electrical Products and Fluid Machinery fittings. We also manufacture many kinds of ball valves, brass fittings, as well as complete sets of manifolds.

Due to the good quality of our brass valves and fittings, we have obtained the authentication of ISO9001/14001, certification of CE, certification UPC, certification EN331, certification ACS.

Owing to the quality and competitive edge of our products, we have obtained a good reputation with sales to more than 40 countries in Europe, America, and The Middle East. We are looking forward to establishing business relationship with friends all over the world.
